

Listing of the Claims:

1. (Currently Amended) A single-use lip treatment product comprising from about 40% by weight to about 70% by weight of a water-soluble film forming polymeric material, from about 0.01% by weight to about 50% by weight of a moisturizing agent, and from about 0.1% by weight to about 50% by weight of a solidifying agent, wherein said single-use lip treatment product is a film that is capable of substantially dissolving on lips in no more than about 50 seconds and comprises a single layer, [and] wherein said single-use lip treatment product is sized and configured for application to the lips, and wherein the solidifying agent is selected from the group consisting of animal waxes, vegetable waxes, mineral waxes, synthetic waxes, bayberry wax, beeswax C<sub>30</sub> alkyl dimethicone, candelilla wax, carnauba, ceresin, cetyl esters, esparto, hydrogenated cottonseed oil, hydrogenated microcrystalline wax, hydrogenated rice bran wax, japan wax, microcrystalline wax, mink wax, motan acid wax, motan wax, ouricury wax, ozokerite paraffin, PEG-6 beeswax, PEG-8 beeswax, rezowax, rice bran wax, shellac wax, spent grain wax, spermaceti wax, steryl dimethicone, synthetic beeswax, synthetic candelilla wax, synthetic carnuba wax, synthetic japan wax, solid fatty acid esters, fatty alcohols, fatty acids, copolymers or polymeric blends of ethylene, propylene, butylene, styrene, or vinyl acetate, and combinations thereof.

2. (Cancelled).

3. (Previously Presented) The single-use lip treatment product as set forth in claim 1 wherein the water-soluble film

forming polymeric material is present in an amount of from about 60% by weight to about 65% by weight.

4. (Original) The single-use lip treatment product as set forth in claim 1 wherein the water-soluble film forming polymeric material is selected from the group consisting of starch, pullulan, hydroxypropylmethyl cellulose, hydroxyethyl cellulose, hydroxypropyl cellulose, polyvinyl pyrrolidone, carboxymethylcellulose, polyvinyl alcohol, sodium alginate, polyethylene glycol, xanthan gum, tragacanth gum, guar gum, acacia gum, arabic gum, polyacrylic acid, methylmethacrylate copolymer, carboxyvinyl polymer, amylose, high amylose starch, hydroxypropylated high amylose starch, dextrin, pectin, chitin, chitosan, levan, elsinan, nigeran, collagen, gelatin, zein, gluten, soy protein isolate, whey protein isolate, casein and mixtures thereof.

5. (Previously Presented) The single-use lip treatment product as set forth in claim 1 wherein the moisturizing agent is present in an amount of from about 1% by weight to about 25% by weight.

6. (Original) The single-use lip treatment product as set forth in claim 1 wherein the moisturizing agent is a humectant-type moisturizing agent selected from the group consisting of N-Acetyl ethanolamine, aloe vera gel, arginine PCA, chitosan PCA, copper PCA, Corn glycerides, dimethyl imidazolidinone, fructose, glucamine, glucose, glucose glutamate, glucuronic acid, glutamic acid, glycereth-7, glycereth-12, glycereth-20, glycereth-26, glycerin, honey, hydrogenated honey, hydrogenated starch hydrolysates, hydrolyzed corn starch, lactamide MEA, lactic acid, lactose lysine PCA, mannitol, methyl gluceth-10,

methyl gluceth-20, PCA, PEG-2 lactamide, PEG-10 propylene glycol, polyamino acids, polysaccharides, polyamino sugar condensate, potassium PCA, propylene glycol, propylene glycol citrate, saccharide hydrolysate, saccharide isomerate, sodium aspartate, sodium lactate, sodium PCA, sorbitol, TEA-lactate, TEA-PCA, Urea, Xylitol, and mixtures thereof.

7. (Original) The single-use lip treatment product as set forth in claim 6 wherein the humectant-type moisturizing agent is selected from the group consisting of glycerin and sorbitol.

8 (Original) The single-use lip treatment product as set forth in claim 1 wherein the moisturizing agent is an occlusive-type moisturizing agent selected from the group consisting of petrolatum, mineral oil, lanolin, lanolin alcohol, tocopherol, esters of tocopherol, alkyl polydimethylsiloxanes, vegetable oils, hydrogenated vegetable oils, fatty acid esters, beeswax, and combinations thereof.

9. (Original) The single-use lip treatment product as set forth in claim 8 wherein the occlusive-type moisturizing agent is petrolatum.

10. (Cancelled).

11. (Original) The single-use lip treatment product as set forth in claim 1 wherein the product has a thickness of from about 15 micrometers to about 80 micrometers.

12. (Original) The single-use lip treatment product as set forth in claim 1 wherein the product has a thickness of from about 30 micrometers to about 60 micrometers.

13. (Cancelled).

14. (Original) The single-use lip treatment product as set forth in claim 1 wherein the product is capable of dissolving on lips in no more than about 20 seconds.

15. (Original) The single-use lip treatment product as set forth in claim 1 wherein the product is capable of dissolving on lips in no more than about 15 seconds.

16. (Original) The single-use lip treatment product as set forth in claim 1 wherein the product is capable of dissolving on lips in no more than about 10 seconds.

17. (Original) The single-use lip treatment product as set forth in claim 1 wherein the product has a length of no more than about 8 centimeters.

18. (Original) The single-use lip treatment product as set forth in claim 1 further comprising an additive selected from the group consisting of botanicals, coloring agents, lipids, essential oils, flavorings, pharmaceutically acceptable agents, skin protectants, sunscreens, surfactants, emulsifiers, Vitamin E, and antimicrobials.

19. (Currently Amended) A dissolvable lip moisturizing product comprising from about 0.01% by weight to about 99.9% by weight of pullulan, from about 0.01% by weight to about 50% by

weight of glycerin, and from about 0.1% by weight to about 50% by weight of a solidifying agent, wherein said dissolvable lip moisturizing product is sized and configured for application to the lips, [and] wherein said product is capable of dissolving on lips in no more than about 50 seconds, and wherein the solidifying agent is selected from the group consisting of animal waxes, vegetable waxes, mineral waxes, synthetic waxes, bayberry wax, beeswax C<sub>30</sub> alkyl dimethicone, candelilla wax, carnauba, ceresin, cetyl esters, esparto, hydrogenated cottonseed oil, hydrogenated microcrystalline wax, hydrogenated rice bran wax, japan wax, microcrystalline wax, mink wax, motan acid wax, motan wax, ouricury wax, ozokerite parrafin, PEG-6 beeswax, PEG-8 beeswax, rezowax, rice bran wax, shellac wax, spent grain wax, spermaceti wax, steryl dimethicone, synthetic beeswax, synthetic candelilla wax, synthetic carnuba wax, synthetic japan wax, solid fatty acid esters, fatty alcohols, fatty acids, copolymers or polymeric blends of ethylene, propylene, butylene, styrene, or vinyl acetate, and combinations thereof.

20. (Previously Presented) The dissolvable lip moisturizing product as set forth in claim 19 wherein the pullulan is present in an amount of from about 40% by weight to about 70% by weight.

21. (Previously Presented) The dissolvable lip moisturizing product as set forth in claim 19 wherein the pullulan is present in an amount of from about 60% by weight to about 65% by weight.

22. (Previously Presented) The dissolvable lip moisturizing product as set forth in claim 19 wherein the

glycerin is present in an amount of from about 1% by weight to about 25% by weight.

23. (Cancelled).

24. (Original) The dissolvable lip moisturizing product as set forth in claim 19 wherein the product has a thickness of from about 15 micrometers to about 80 micrometers.

25. (Original) The dissolvable lip moisturizing product as set forth in claim 19 wherein the product has a thickness of from about 30 micrometers to about 60 micrometers.

26. (Cancelled).

27. (Original) The dissolvable lip moisturizing product as set forth in claim 19 wherein the product is capable of dissolving on lips in no more than about 20 seconds.

28. (Original) The dissolvable lip moisturizing product as set forth in claim 19 wherein the product is capable of dissolving on lips in no more than about 10 seconds.

29. (Original) The dissolvable lip moisturizing product as set forth in claim 19 wherein the product has a length of no more than about 8 centimeters.

30. (Original) The dissolvable lip moisturizing product as set forth in claim 19 further comprising an additive selected from the group consisting of botanicals, coloring agents, lipids, essential oils, flavorings, pharmaceutically

acceptable agents, skin protectants, sunscreens, surfactants, emulsifiers, Vitamin E, and antimicrobials.

31. (Withdrawn) A single-use lip treatment product comprising from about 0.01% (by weight) to about 99.9% (by weight) of a water-dispersible film forming polymeric material, from about 0.01% (by weight) to about 50% (by weight) of a moisturizing agent, and from about 0.1% (by weight) to about 50% (by weight) of a solidifying agent, wherein said single-use lip treatment product is a film and comprises a single layer, and wherein said single-use lip treatment product is sized and configured for application to the lips.

32. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the water-dispersible film forming polymeric material is present in an amount of from about 40% (by weight) to about 70% (by weight).

33. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the water-dispersible forming polymeric material is present in an amount of from about 60% (by weight) to about 65% (by weight).

34. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the water-dispersible film forming polymeric material is selected from the group consisting of high molecular weight amorphous polyesters that disperse in water without the assistance of organic cosolvents, surfactants or amines, acrylic polymers, polyoxides, vinyl polymers, cellulose derivatives, starch derivatives, polysaccharides, proteins, and copolymers thereof.

35. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the moisturizing agent is present in an amount of from about 1% (by weight) to about 25% (by weight).

36. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the moisturizing agent is a humectant-type moisturizing agent selected from the group consisting of N-Acetyl ethanolamine, aloe vera gel, arginine PCA, chitosan PCA, copper PCA, Corn glycerides, dimethyl imidazolidinone, fructose, glucamine, glucose, glucose glutamate, glucuronic acid, glutamic acid, glycereth-7, glycereth-12, glycereth-20, glycereth-26, glycerin, honey, hydrogenated honey, hydrogenated starch hydrolysates, hydrolyzed corn starch, lactamide MEA, lactic acid, lactose lysine PCA, mannitol, methyl gluceth-10, methyl gluceth-20, PCA, PEG-2 lactamide, PEG-10 propylene glycol, polyamino acids, polysaccharides, polyamino sugar condensate, potassium PCA, propylene glycol, propylene glycol citrate, saccharide hydrolysate, saccharide isomerate, sodium aspartate, sodium lactate, sodium PCA, sorbitol, TEA-lactate, TEA-PCA, Urea, Xylitol, and mixtures thereof.

37. (Withdrawn) The single-use lip treatment product as set forth in claim 36 wherein the humectant-type moisturizing agent is selected from the group consisting of glycerin and sorbitol.

38. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the moisturizing agent is an occlusive-type moisturizing agent selected from the group consisting of petrolatum, mineral oil, lanolin, lanolin

alcohol, tocopherol, esters of tocopherol, alkyl polydimethylsiloxanes, vegetable oils, hydrogenated vegetable oils, fatty acid esters, beeswax, and combinations thereof.

39. (Withdrawn) The single-use lip treatment product as set forth in claim 38 wherein the occlusive-type moisturizing agent is petrolatum.

40. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the solidifying agent is selected from the group consisting of animal waxes, vegetable waxes, mineral waxes, synthetic waxes, bayberry wax, beeswax C<sub>30</sub> alkyl dimethicone, candelilla wax, carnauba, ceresin, cetyl esters, esparto, hydrogenated cottonseed oil, hydrogenated jojoba oil, hydrogenated jojoba wax, hydrogenated microcrystalline wax, hydrogenated rice bran wax, japan wax, jojoba buffer, jojoba esters, jojoba wax, microcrystalline wax, mink wax, motan acid wax, motan wax, ouricury wax, ozokerite parrafin, PEG-6 beeswax, PEG-8 beeswax, rezowax, rice bran wax, shellac wax, spent grain wax, spermaceti wax, steryl dimethicone, synthetic beeswax, synthetic candelilla wax, synthetic carnuba wax, synthetic japan wax, synthetic jojoba wax, solid polyethylene glycols, solid fatty acid esters, fatty alcohols, fatty acids, copolymers or polymeric blends of ethylene, propylene, butylene, styrene, or vinyl acetate, and combinations thereof.

41. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product has a thickness of from about 15 micrometers to about 80 micrometers.

42. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product has a thickness of from about 30 micrometers to about 60 micrometers.

43. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product is capable of substantially dispersing on lips in no more than about 50 seconds.

44. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product is capable of substantially dispersing on lips in no more than about 20 seconds.

45. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product is capable of substantially dispersing on lips in no more than about 15 seconds.

46. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product is capable of substantially dispersing on lips in no more than about 10 seconds.

47. (Withdrawn) The single-use lip treatment product as set forth in claim 31 wherein the product has a length of no more than about 8 centimeters.

48. (Withdrawn) The single-use lip treatment product as set forth in claim 31 further comprising an additive selected from the group consisting of botanicals, coloring agents, lipids, essential oils, flavorings, pharmaceutically acceptable agents, skin protectants, sunscreens, surfactants, emulsifiers, Vitamin E, and antimicrobials.

49. (Currently Amended) A single-use lip treatment product comprising from about 0.01% by weight to about 99.9% by weight of a combination of a water-dispersible film forming polymeric material and a water-soluble film forming polymeric material, from about 0.01% by weight to about 50% by weight of a moisturizing agent, and from about 0.1% by weight to about 50% by weight of a solidifying agent, wherein said single-use lip treatment product is a film that is capable of substantially dissolving on lips in no more than about 50 seconds and comprises a single layer, [and] wherein said single-use lip treatment product is sized and configured for application to the lips, and wherein the solidifying agent is selected from the group consisting of animal waxes, vegetable waxes, mineral waxes, synthetic waxes, bayberry wax, beeswax C<sub>30</sub> alkyl dimethicone, candelilla wax, carnauba, ceresin, cetyl esters, esparto, hydrogenated cottonseed oil, hydrogenated microcrystalline wax, hydrogenated rice bran wax, japan wax, microcrystalline wax, mink wax, motan acid wax, motan wax, ouricury wax, ozokerite parrafin, PEG-6 beeswax, PEG-8 beeswax, rezowax, rice bran wax, shellac wax, spent grain wax, spermaceti wax, steryl dimethicone, synthetic beeswax, synthetic candelilla wax, synthetic carnuba wax, synthetic japan wax, solid fatty

acid esters, fatty alcohols, fatty acids, copolymers or polymeric blends of ethylene, propylene, butylene, styrene, or vinyl acetate, and combinations thereof.

50. (Withdrawn) A method for using a single-use lip treatment product, the method comprising:  
wetting the upper and lower lips;  
introducing the single-use lip treatment product onto the wetted upper and lower lips; and  
pressing the lips together and holding the single-use lip treatment product between the lips for a time sufficient to substantially dissolve the single-use lip treatment product, wherein the single-use lip treatment product comprises a moisturizing agent.

51. (Currently Amended) A single-use body treatment product comprising from about 40% by weight to about 70% by weight of a water-soluble film forming polymeric material, from about 0.01% by weight to about 50% by weight of a moisturizing agent, and from about 0.1% by weight to about 50% by weight of a solidifying agent, wherein said single-use body treatment product is a film and comprises a single layer, and wherein the solidifying agent is selected from the group consisting of animal waxes, vegetable waxes, mineral waxes, synthetic waxes, bayberry wax, beeswax C<sub>30</sub> alkyl dimethicone, candelilla wax, carnauba, ceresin, cetyl esters, esparto, hydrogenated cottonseed oil, hydrogenated microcrystalline wax, hydrogenated rice bran wax, japan wax, microcrystalline wax, mink wax, motan acid wax, motan wax, ouricury wax, ozokerite paraffin, PEG-6

beeswax, PEG-8 beeswax, rezowax, rice bran wax, shellac wax, spent grain wax, spermaceti wax, steryl dimethicone, synthetic beeswax, synthetic candelilla wax, synthetic carnuba wax, synthetic japan wax, solid fatty acid esters, fatty alcohols, fatty acids, copolymers or polymeric blends of ethylene, propylene, butylene, styrene, or vinyl acetate, and combinations thereof.
